

Influenza Vaccine Consent Form

First Name: _____ Last Name: _____

DOB: _____ Age: _____ Male ☐ Female ☐ Phone Number: _____

Address: _____ City: _____ Zip Code: _____

SS Number: _____

Consent

I have been offered the current influenza vaccine information sheet (VIS). I have been provided education and given an opportunity to ask questions about the disease and vaccination. I understand the risks and benefits of the vaccination. I understand that the vaccination I am to receive is a single shot for adults and for children who have received a flu vaccine in previous years. Children, age 7 years and younger, receiving their first dose of influenza vaccine require a second dose in that same season.

I understand that it will not be fully effective for approximately two weeks. However, with all vaccines there is no guarantee that I will become immune or that I will not experience side effects. I understand that one should not receive the vaccine if they have a severe allergy to eggs, have had a severe reaction to a previous influenza vaccine, or if they have had Guillain-Barre Syndrome. I hereby request the influenza vaccine for the 2026-2027 flu season be given to myself or the person for whom I am authorized to give consent.

I authorize the Effingham County Health Department to bill Medicaid, Medicare, or my Private Insurance for the administration of this vaccine. I understand there is a chance the vaccine may not get covered. If this occurs, Effingham County Health Department is authorized to bill me for the cost of the vaccine.

I also consent to have my immunization data entered into the State of Illinois Electronic Medical Record system called I-Care.
